

AUDIO COLLECTION | WIRELESS HEADPHONES

50% Made from recycled plastic

Our re-designed range of wireless headphones is made from **50% recycled plastic** and is **volume limited to 85 decibels** which is the level recommended by the World Health Organization (WHO). With their comfortable earpads and adjustable headbands, these headphones have an impressive **play time of up to 40 hours**. They are the perfect audio companion for kids playing or learning. If the battery runs out, you can use the AUX cable to continue listening whilst charging. **Compatible with any Bluetooth device**. They also feature a **built-in microphone** for singing, phone calls or talking with friends or classmates.
