

BASSPRO GO CAR KIT

Accessory Car Kit for moving your BassPro Go from vehicle-to-vehicle

Engineered for the ultimate sound experience.

The JBL BassPro Go Car Kit provides all of the installation accessories needed to connect your BassPro Go in any vehicle. By installing the car kit in another vehicle, it allows you to seamlessly move your speaker from vehicle-to-vehicle with ease. With quick disconnect connector, and a detachable mounting base, JBL provides you with all of the tools you need for your active lifestyle.

Features

- ▶ Move Your Speaker With Ease
- ▶ Detachable mounting base & quick disconnect harness
- ▶ Seamless Listening Experience

BASSPRO GO CAR KIT

Accessory Car Kit for moving your BassPro Go from vehicle-to-vehicle

Features and Benefits

Move Your Speaker With Ease

The car kit includes all installation accessories needed to mount your JBL BassPro Go speaker in another vehicle.

Detachable mounting base & quick disconnect harness

JBL BassPro Go Car Kit provides you with the same installation accessories included with your BassPro Go speaker. The detachable mounting base allows easy removal of your speaker and quick disconnect wiring harness allows for easy connection to your vehicle.

Seamless Listening Experience

At JBL, we understand that you never know where life is going to take you. With the addition of a car kit, you can rest assured that your speaker will move seamlessly between your vehicles and ensure your music is always with you.
